BIGHORN SHEEP

South Ram River Bighorn

This particular outfitter is the only operator in West Central Alberta and can take up to 8 Bighorn hunters per season in two different and adjoining units in the Rocky mountains adjacent to Banff National Park. The history of hunting in this outfitter's areas is well documented by artist Carl Rungius and author John H. Batten throughout the early 1900's. They've been outfitting in this area since 1988 and have hunted here since 1971. Needless to say, they know the area. Last season all hunters had 100% shot opportunity.
