BISON

Southern Colorado Bison

These are fair chase hunts on over 62,000 unfenced acres of prime, native bison habitat in scenic Southern Colorado. Due to the expansive, rugged terrain, our hunts are on horseback or utilize a four-wheel drive vehicle for locating your bull, with the final stalk being on foot. These massive Lords of the Prairie are amazingly quick and agile! When you combine their power with a fiery temper, they command every hunter's respect, making for a majestic trophy and memorable hunt.
