DESERT BIGHORN

Desert Sheep in Mexico

This is usually the last sheep a hunter needs to complete his Grand Slam and it is almost impossible to draw a tag in the U.S.A. Mexico is really the only way to be assured of getting a Desert Sheep with success being 100% in the past on rams in the 160+ B&C class. This hunt use to be a lot more expensive than most sheep hunts, but with the present cost of Stone Sheep and Bighorn closing in on the \$35,000-\$40,000 range this is not out of line on today's market. These hunts are limited every year in both Sonora and Southern Baja.

Rates: \$60,000 10-day 1X1 Desert bighorn sheep hunt
